

missionary ventures | Involving People to Impact Nations for Christ

Greetings to all in the matchless name of Jesus!

It's time for our quarterly update - my how 'tempus fugits'!! As we move away from the height of Summer it is always a good thing to look back over the preceding months and reflect on the goodness and faithfulness of God.

It is now only a month away from a big change for us as I (Viv) step down from the leadership team of 360 Life Church in Stockport. I guess at one stage I was wondering what direction the Lord might take us in as this season in ministry draws to a close, but a couple of things have happened recently that have really encouraged me.

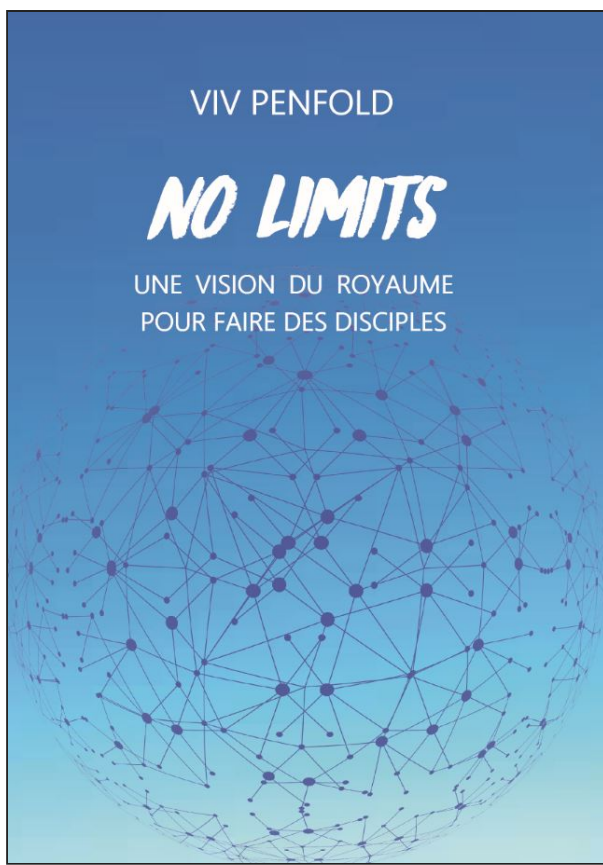

Firstly, I have had quite an influx of requests to speak at various churches and I have also received several requests from church / ministry leaders to meet regularly to discuss church development / planting based on a multiplying discipleship model - I am very excited about that!!

Secondly, I have released a short paper on discipleships on small groups, designed to help those who are seeking to put discipleship principles into action in their own churches and communities. This is now available for free download in PDF form on our website - [please feel free to visit the website and download your copy.](#)

The third and equally exciting development is the publication of my book "No Limits: A Kingdom Perspective on Making Disciples" in the French language. It is now available via our website, Amazon, and Christian websites in France. At the same time it appears that there will be many opportunities to help churches in France itself to build a multiplying discipling culture, especially through organic small groups. To find out more or order a copy, [please visit our website.](#)

A new season awaits with new and exciting challenges. Thank you all for your support and encouragement. May the Lord also lead you into new and exciting

things in the days that lie ahead.

With much love,

Viv & Jean
