

missionary ventures | Involving People to Impact Nations for Christ

Dear <<First Name>>,

GOOD TIDINGS OF GREAT JOY!!

First of all, of course, we celebrate the anniversary of the arrival of the Saviour of the World in the flesh!! So we wish you a very blessed Christmas and an even more blessed 2021 (and may the New Year be an improvement on the one we have just experienced!)

The other 'good tidings of great joy' that I bring is that we have gone above and beyond the goal we set for our appeal for India. Thanks to the generosity of so many of you we have been able to send, and distribute, the funds raised. You may remember that we had hoped to provide £100 for 100 pastor/

evangelist families. In the end there were 120 workers that we needed to help, so we needed £12,000 rather than £10,000. Money is still coming in, but so far the total given is over £17,250, for which we praise the Lord and thank His people. Without difficulty I can imagine the desperate prayers that were prayed by so many of the Lord's servants...and we are privileged to be part of God's answer to those prayers. We probably do not fully realise just how much suffering will be alleviated due to your

generosity.

Additionally, we have been able to send some money to ensure that the children in our children's homes will have something special for Christmas too!

So, once again we wish you a Blessed Christmas & New Year and send our heartfelt thanks for your partnership in the Gospel.

Much Love,

Viv & Jean
