Warm Summer Greetings in the Matchless Name of Jesus!

Dear <<First Name>><<Last Name>>,

Well, not sure about you but Summer has finally arrived here in Stockport. Just this last week we have had temperatures up to 28 Celsius and some glorious sunshine. Jean and I are due to go on holiday in Devon and Cornwall in a few days time so we are hoping at least for some nice dry weather.

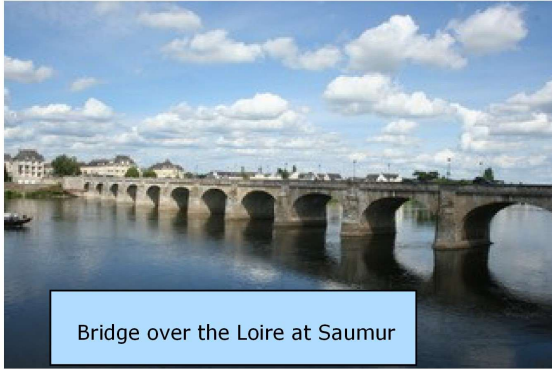

As we write this latest report, we do so with some mixed feelings. On the one hand we are very excited about reports we have had from India and what we have experienced in France since our last ministry report.

In India, everyone has been out on the "Gospel Trail" over the summer. There are reports of many people coming to Christ in villages all over the state, baptisms, healings, and many churches being visited by our team. In France we attended the first M2 (From Multiplication to Movement) forum in Clermont-Ferrand. We heard exciting reports of what has taken place in Tanzania over the past 8 years from one of the speakers (the term 'revival' springs to mind). There is a great sense of anticipation among all the attending pastors as they look to multiply disciples, reproduce leaders and plant churches. We were extremely blessed to be part of what God is doing in Assemblies of God throughout France and we look forward to some wonderful outcomes.

We have also continued to be busy in the UK, visiting churches as well as in our own home church. We are looking forward to delivering some personal evangelism training at Emmanuel Community Church in Barrow followed later by a weekend of

mission prior to a big town-wide event in September.

On the other hand, the rather disappointing news is that for the second time this year we had to return home from France earlier than planned as Jean found the programme too stressful. We were able to complete our

undertakings at the M2 Forum and at New Life Church in Saumur in the Loire valley, but were unable to make our planned visit and ministry in Amiens. As a result of this, Viv has decided to take the month of July to withdraw from most activities in order to seek the Lord with regard to future ministry, especially overseas. We request that you would stand with us in prayer that we would

clearly hear from the Lord. We will report back later...

We pray that you will experience God's overwhelming blessing as you enjoy the rest of the Summer. Thank you all so much for your support, encouragement, friendship and partnership in the Gospel.

With our love,

Viv & Jean
